

**Helping Companies Achieve Zero Waste to Landfill**

C4B is an industrial reuse facility for unwanted cardboard boxes. We pay top prices for used or surplus boxes and these prices are fixed for a minimum of two years. Unlike traditional recyclers we don't take waste cardboard. Instead we promote reuse on an industrial scale. Companies benefit from scheduled weekly or monthly collections and a fixed income stream. Our scheme allows companies to reduce if not eliminate their waste to landfill, providing major environmental benefits.

Our mission is to make reuse the number 1 option for all used or unwanted cardboard boxes in the UK.

Our aim is to build and grow a company that we can be proud of. Check out our top 5 reasons why we believe our company is great!

1. Excellent customer service. Our team are available round the clock for guidance and advice.
2. Fixed prices. We guarantee a fixed income for your waste cardboard.
3. Help with your [Producer Responsibilities Obligations](#) We offer expert advice on the most appropriate methods of waste disposal for your company.

4. It doesn't matter if you are already in a contract. We work alongside many recycling companies to segregate waste at source for different purposes.
5. We are passionate about helping companies to achieve zero waste to protect our environment for future generations. After all, you don't need to cut down a tree to make a used cardboard box!
